## Workbook-labelled PT start

No eligible alignment year under the documented source-label rule. Status: unavailable. Candidate years: Not recorded. Reasons: missing workbook department; missing workbook year.

This is a workbook-labelled first-work indicator, not an adjudicated historical P&T appointment and not proof of paid service. Calendar basis: agreement\_with\_inherited\_AH\_fields.

## Annual chronology (12 recorded rows)

Year labels and values below reproduce the dossier. Gregorian labels are stored labels, not exact day/month conversions; gaps remain gaps, and annual records do not imply continuous service. Salary values reproduce the recorded nominal monthly kuruş or assigned pay, not proof of disbursement.
